SIMIL CARE

POST-TREATMENT REGENERATING AND SOOTHING Face and body

This cream restores and maintains the barrier function. Presents a softening, anti-inflammatory, anti-erythema, lenitive, anti-inflammatory, soothing, regenerating and healing action.

Restructures the damaged lipid barrier to re-establish smoothness, elasticity and physiological function.

Physiologically regenerates and moisturises any skin type.

COMPOSITION

Aqua, Theobroma grandiflorum seed butter, Cyclopentasiloxane, Dicaprylyl ether, Glycerin, Bis-Diglyceryl polyacyladipate-2, Brassica campestris sterols, Hydrolyzed silk, Cetearyl alcohol, Olea europaea fruit oil, Triticum vulgare germ extract, Cetyl alcohol, Glyceryl stearate, Panthenol, Allantoin, Peg-75 stearate, Ceteth-20, Steareth-20, Phenoxyethanol, Ethylhexylglycerin, Carbomer, Xanthan gum, Parfum.

PRESENTATION

50 ml tube.

300 ml white HPDE container with dispenser and PP lid.

INDICATIONS

Whenever a soothing, hydrating, regenerating, anti-erythema and lenitive action is required.

We can use SIMILCARE as a mask after facial and body aesthetic treatment. SIMILCARE can be used as mask after body and facial treatments. We will apply a layer on the affected area and leave it there for 10 to 15 minutes. We will remove it partially and we will make a gentle massage until its entire absorption.

As post- chemical peeling treatment, post- dermoabrasion treatment, post infiltration treatment , post depilatory treatment for conventional methods as well as laser, post UV ray. As home treatment, apply a small quantity on the affected area several times a day. As final touch for facial and body mesotherapy treatments. It is the best choice for daily treatment in sensitive and delicate, dry and flaking skins.
